

PRODUCT INFORMATION

STUCCO MESH

Trowel Trades Accessories Ltd. has been a manufacturer of welded Stucco Mesh for over forty years, and our quality mesh has become one of the most widely used in Western Canada. Trowel Trades Stucco Mesh is produced from high quality 16 or 17 gauge, hot-dipped galvanized, low carbon, cold drawn steel wire, meeting ASTM A641.

The galvanized coating is 0.2 oz./sq. ft. All rolls cover 450 sq. ft. or 50 sq. yds.

SIZES:

16 Ga.	Weight
2" x 2" 48" x 112.5' *	54#
2" x 2" 54" x 100'	54#

Rolls are self-furring with 1/4" crimps every 4" O.C.

**Also available with 3/8" crimps for use with Rain-Screen Drainage Mat.*

17 Ga.	
1.5" x 1.5" 48" x 112.5'	57#
1.5" x 1.5" 54" x 100'	57#

Rolls are self-furring with 1/4" crimps every 3" O.C

SPECIFICATIONS:

Both sizes of Trowel Trades Accessories Stucco Mesh conform to section 9.28.4 of the British Columbia Building Code 2012.

INSTALLATION:

Installation of Trowel Trades Accessories Stucco Mesh should be in accordance with accepted industry standards and all applicable building codes.

Trowel Trades Accessories has been making stucco and drywall accessories for over 50 years. Since we began, our goal has been to offer our customers the highest quality products at a competitive price. Our range of wire to metal products for stucco and drywall is produced with the utmost care to ensure that each item we sell meets the needs to our customers. It is this attention to detailed quality and exceptional service that has made Trowel Trades one of the most trusted names in the stucco industry.
